Agenda

Overview

Alpha Submitter Testing and Timeframes

OSDS Data Submitter Registration Process

OSDS Help Desk Registration
Overview

• Data submitters should be working on the OSDS Registration Process.

• Prompt return of documents is essential to ensure your EDI registration process, SFTP connection, and ability to begin testing are not delayed.

• As of December 3, 2019 there have been 27 DSAs that have been executed between the data submitter and NYSDOH.

Alpha Submitter Testing
Alpha Submitter Testing

- Alpha submitters are needed to conduct an early test of our data exchange and processing capabilities
- Alpha testing will begin in January 2020 and precede data submitter UAT
- Lessons learned will be quickly applied to support an improved test phase
- Advantages of being an alpha submitter:
  - Alpha submitters may submit any or all transaction types
  - Opportunity to give and get feedback earlier in the process
  - Alpha submitters will have early influence on process due to earlier involvement
- Keep in Mind:
  - The environment is still being developed and tested
  - Errors will be identified as system related or data related
Alpha Testing

837 and NCPDP File Testing
- Alpha submitters may submit any or all transaction types
- Start date: January 2020

834 File Testing
- Optional for alpha submitters
- Start date: January 2020

OSDS Portal Testing
- Tests submitter ability to retrieve files from portal – optional
- Only available to those that participate in file testing
- Start date: January 2020
OSDS DataSubmitterRegistration Process
Registration: DSA and EDI Completion

- The first step to onboarding is to complete the Data Submitter Agreement (DSA) followed by the Electronic Data Interchange (EDI) Registration Form.
- Once the DSA is signed by the data submitter, returned, and executed by DOH, Optum will email an EDI Registration form to the data submitter for completion.
- The completed EDI Registration form will need to be returned to Optum by email to: nys.osds@optum.com
  - Send via secure email, or
  - Password protect the Excel file and send the password to Optum in a separate email

| NYSDOH Provides the Data Submitter Agreement | Data Submitter Completes and Returns DSA to NYSDOH | NYSDOH Executes the DSA and returns a copy to the Data Submitter | Optum sends the Data Submitter an EDI Registration Form | Data Submitter completes the EDI Registration Form and returns it to Optum |
Registration: About EDI Registration

GENERAL INFORMATION

- The EDI Registration form enables OSDS data submitters to register for ECG (SFTP) setup and access.

- The information submitted in the EDI Registration form is required for ongoing management of OSDS connectivity. Data submitters are responsible for providing information for their own organization whether submitting their own data or if another entity is submitting to the OSDS on their behalf.

- Data submitters must provide information on organizations submitting data to the OSDS on their behalf to establish the relationships between submitters and issuers, authorizing data submissions.

- The EDI Registration form must be completed for each data submitter.

- The OSDS Help Desk will be available to assist with any issues at 877-363-5630.
Registration: ECG (SFTP) Connection

• Once the DSA and EDI are completed, the data submitter will work with Optum to be connected to the OSDS.

• Optum will enter the data submitter information into the database and create an ECG (SFTP) account for the data submitter.

• The data submitter will do a simple file exchange to ensure read/write capabilities. Upon successful test file exchange, the data submitter will be authorized to submit 837, 834, and NCPDP files for testing.
EDI Registration Training

- Two, 45 minute EDI Registration Training sessions per week
- Strongly encouraged for data submitters
- Available on drop-in basis
- Training will focus on step-by-step instructions plus Q&A
- Training schedule and WebEx invitations will be sent with the EDI Registration email
  - Submitters who have already received EDI Registration email will receive a supplemental email with training information
OSDS Help Desk
Registration
OSDS Help Desk

- The role of the OSDS Help Desk is to resolve incidents as quickly and effectively as possible. All requests for assistance will be initiated through ServiceNow, either by phone (877) 363-5630 or by web submission: https://optum.service-now.com/itss2

- The OSDS Help Desk will be available to OSDS users 24 hours per day, seven days per week, 365 days per year – including all holidays.
OSDS How to Create a Help Desk Account

• An Optum ID is required to submit an incident to the Optum Help Desk.

• Optum will authorize your Help Desk account registration. After being authorized, you will receive an email to complete your Optum ID registration.

• You must click the link to begin your registration.

Subject: You have been invited to use Optum Technology Self Service

You have been invited to use Optum Technology Self Service. This website gives you access to products and services provided by Optum. You will need an Optum ID to login to the website.

To accept this invitation, and login to Optum Technology Self Service the first time:

Click this link.

1. If you already have an Optum ID for this email address, select Sign In and enter your login ID and password.
2. If you do not already have an Optum ID for this email address, create a new account. Use the same email address as was used for this invitation. When you have entered the required information, click I agree. You will be asked to take steps to confirm your email address and protect your account.
3. The first time you log in, you will be asked to agree to share your Optum ID account information with Optum Technology Self Service.
4. Select to login using your Optum ID.

Upon logging in successfully, you’ll be directed to the Optum Technology Self Service home page at https://optum-service-now.com/hs2.

Need help? Contact us:
• 877-363-5630
• 24 x 7 x 365

This is an automated email. Please do not reply.
Help Desk Registration Training

- One 30 minute Help Desk Registration training per week
- Strongly encouraged for data submitters
- Available on drop-in basis
- Training will focus on step-by-step instructions plus Q&A
- Training schedule and WebEx invitations will be sent with the EDI Registration email
  - Submitters who have already received EDI Registration email will receive a supplemental email with training information
Recap

• Inform NYSDOH of interest to participate in alpha testing as soon as possible
• New data submitter WebEx scheduled for December 12, 2019
• Complete your DSA by December 31, 2019
• Attend Optum Training on EDI Registration and Help Desk Registration beginning in December 2019
• Complete your EDI Registration Process (form and connections) by January 2020
• Complete your Optum Help Desk Account by January 2020
• Expect to begin submitter UAT February 2020
